West Wilts Society of Model Engineers Presents

Christmas Train Rides For the Family, Saturday December 8th

News

New Club House Roof

On 17th November our club house got a new roof. We are able to do this because of all the hard work put in throughout the year taking the portable railway to fetes and running events. Thanks to all who helped with this.

Christmas Lunch

Peter Brougham is taking reservations and money for our Christmas Lunch on Friday 11th January at The George, Longbridge Deverill. 12.30pm for 1.00pm. £20.95 ph, carvery and a choice of puddings, tea or coffee. Go to the club first for a coffee and natter then move on to The George at Longbridge Deverill for lunch and natter some more!!

Parking in the Club Compound

Parking in the area in front of the toilets and by the steaming bays is for unloading and loading locos only. Please unload and immediately park outside the compound to leave the yard clear. Eventually there will be a gate in the fence by the toilets so you can drive in to the yard and unload then drive out.
Please do not park parallel to the fence you take up parking space as we also need to accommodate disabled parking by the small gate, it is close to level concrete which is easier to walk on.

We Need Your Paving Slabs

Most people have an odd slab leaning against something in the garden or you may have more. Whatever you have and you don't need them we can use them. Please let us know and bring them down to the site.
